Web Developer - Volunteer

We are pleased to offer a volunteer opportunity for you to join our team as Web Developer Volunteer role.

About Ottawa Region Educational Services:

Ottawa Region Educational Services (TRES) is a sub-organization of ORES (a non-profit charitable organization). TRES provides individuals in the vicinity of the Ottawa Region with free educational resources in a safe and supportive environment that inspires, motivates, and helps set the foundation for personal growth.

About this opportunity:

As a Web Developer volunteer, you will have the chance to build up your hard skills, such as using Wix, WordPress, Html, Css, Javascript, Monday.com, Google form, and more! You will also able to build up your Leadership, Communication Skills, Time Management, and TeamWork in our ORES Volunteer Communities.

Projects can involve:

- Feedback for web design
- Creation of Monday.com
- Collaborative work
- Website improvements
- Website Information Update

Requirements:

- 12 years old or above
- Strong communication skills and interpersonal skills
- Excellent understanding of the subject matter being taught.
- Proficient in wordpress and wix system
- Proficient in Monday.com system

The position will also work in various sectors of the company; business development, teaching, curriculum development, etc to support business growth.
